BOTTLE SOLUTIONS™

1 & 3 ALARM VERSA GUARD™

Versa Guard provides excellent versatility, optimal merchandising and benefit denial security. With both small and large options, the attractive Versa Guard will fit most of the spirit bottles on the market. Ease of application and removal makes in-store operations quick and intuitive.

Locking slide makes application and removal fast and efficient

Hinge-style allows the cap to open from the side broadening bottle fit

Large

Small

KEY FEATURES:

- Ease of use and strong security ensure the cap delivers an impressive ROI
- Small and large size options will protect most bottles in the spirit market
- Improved design withstands defeat
- Specifically designed to make application and removal fast and easy — can be done with one hand
- Vast increase in efficiency when handling multiple bottles at one time

HARD TAGS

DUAL ROD HANG TAGS

The Single and Dual Rod Hang Tags are the perfect solution to effectively secure blister packages and clamshell-packaged merchandise.

Checkpoint has a complete line of Hard Tags for your high-theft merchandise.

Thin yet durable cable connects the module to the pin making for easy application and recycling

Extra-wide design accommodates dual rod peg hooks

Reinforced tab is strong enough to handle heavy merchandise

KEY FEATURES:

- Available in long and short pin styles
- Pins also sold separately as replaceable parts
- Tough, secure and reusable
- Easy to apply and remove
- 1 Alarm
- S3 Locking System

SUGGESTED APPLICATIONS:

Clamshell packaged merchandise
Blister packages

HARD TAGS

2 & 3 ALARM STRAPLOK

Checkpoint's innovative StrapLok quickly attaches onto existing box nylon straps. Thanks to the dynamic tension adjustment, it is compatible with low-quality, loose straps found on boxes already pre-strapped from manufacturing.

StrapLok actively monitors the tension of the strap and will only alarm if the strap is being cut, similar to our awardwinning Spider Wrap®.

KEY FEATURES:

- AM or RF technology
- 2 or 3 Alarm®
- 95 dBA alarm
- Flashing LED light
- Isolated sound chamber
- Battery is replaceable
- S3 Lock, Standard Lock or Super Lock clutch strengths

HARD TAGS

GEN 2 HARD TAG

Gen 2 Hard Tag is ideal for protecting a broad range of apparel merchandise. Retailers using HT@S have realised immediate and significant benefit from eliminating in-store labour, reducing shrink and improving on shelf availability.

The Checkpoint HT@S program fits perfectly for specialty, mass and department store apparel retailers who manage a complete or partial closed loop supply chain.

KEY FEATURES:

- Strong visual deterrence
- Reusable @Source
- 1 Alarm
- Eliminates damaging of apparel
- Checkpoint's smallest & lightest weight hard tag and pin combo
- Designed specifically for application @Source
- 100% environmentally friendly
- ABS Plastic material
- 8.2MHz frequency
- Available in both Standard or SuperLock

HARD TAGS

BUTTON HARD TAG

The Button Hard Tag is one of the smallest Round tags available; ideal for delicate clothing like swim-suits and lingerie. It is an aesthetically appealing visual theft deterrent for high end retail stores where looks are just as important as security.

The Button Hard Tag can be used with a loop lanyard with pin, or pin lanyard to protect shoes, bags, and some sports equipment.

ONLY AVAILABLE IN EU

KEY FEATURES:

- Small and light item
- 1 Alarm
- Available in Grey, Black and White
- Available in Standard and Super
- ABS material
- 8.2MHz Frequency

HARD TAGS

GOLF HARD TAG

The Golf Hard tag is a great visual deterrent. The RF round Tag has the added security of enclosing some of the clothing inside the pin. By locking some of the cloth in the tag a shoplifter is forced to cut the entire tag out. Only available with Super Lock. Standard magnetic detachers will not work with the Golf Tag making it even more difficult for shoplifters to defeat.

ONLY AVAILABLE IN EU

KEY FEATURES:

KEEPERS®

COLLAPSIBLE KEEPERS®

Our Collapsible Keepers are designed to protect small to mediumsized merchandise with great flexibility. The ability to raise and lower the Keeper optimizes shelf space and solves the need for managing fewer sizes of security devices. The products are protected but provided with the maximum of open display.

KEY FEATURES:

- Available in four sizes
- 1 Alarm
- Integrated Hang Tab
- Provides excellent security with open display of merchandise
- Allows the consumer to interface with the product and promotes browsing
- Re-useable and takes up less storage space

SUGGESTED APPLICATIONS:

Fragrance
Health & beauty
Small packaged merchandise

KEYS

SUPER XT KEY

The strongest detacher in the Alpha portfolio, the Super XT Key does it all. Its durable surface unlocks the entire line of S3, Standard Lock, XT, and Super XT anti-theft devices. The deployable handheld portion is attached to the mounting base with a robust 60" cable to keep the key secure while maintaining its flexibility.

60" retractable lanyard

KEY FEATURES:

- Serial number provides added security
- 60" cable lanyard
- Designed to integrate seamlessly
- Offers improved aesthetics, ease of use and minimized POS counterspace but still provides the trusted level of security
- Unlocks the entire line of S3, Standard Lock, XT and Super Lock products

SINGLE USE

BLISTER TAG™

The Blister Tag is highly effective in reinforcing the die-cut peg hole in clamshell or blister packaged merchandise. The one-way clip is easy to use and makes sweeping from a peg hook difficult while maintaining the integrity of the packaging.

Unique design includes center hole to accommodate peg hook merchandising

ONLY AVAILABLE IN US

KEY FEATURES:

- Provides a strong visual deterrent to shoplifters
- Unique design includes center hole to accommodate a variety of merchandise
- Applied in store and removed by the consumer after purchase
- Reinforcement of the die-cut peg hole adds security

SINGLE USE

UNIVERSAL DISPOSABLE HANG TAG

The Universal Disposable Hang Tag securely houses RF or AM sensors and can be applied to any single or wide hole product. Simply apply the hang tag at source or in-store, confidently merchandise, and sell without any need to detach. The tag features a benefit denial concept by puncturing packaging, resulting in no ability to remove without damaging package and impacting resale value.

KEY FEATURES:

- Easily applied across a wide variety of products, with a consistent design fitting wide hang holes
- Securely houses sensor
- Visible theft deterrent
- Spikes provide benefit denial for resell and provide extra support to stabilize hang tag
- Reduced labor - removed at home after purchase
- Custom color and print capabilities
- Made in USA

SHARK TAG®

Shark Tag is very effective in preventing customers from purchasing, using and returning merchandise for a full refund.

The right red Shark Tag attaches to the garment in a visible area — signifying that the merchandise is being secured. Shark Tags are easily removed by the customer at home.

KEY FEATURES:

- Assures the garment is in a new and unused condition when returned
- Easy, at home removal
- 1 Alarm
- Can be used to reinforce your store return policy
- Can be source-applied or applied in the store

SUGGESTED APPLICATIONS:

RFID

OPTICAL TAG RFID

The Optical Tag RFID provides a durable construction whilst offering an adjustable, slim line design to improve the customer experience in-store. The Optical Tag RFID has been tailored to cover both optician and retailer needs.

ONLY AVAILABLE IN EU

KEY FEATURES:

- Easy to fit and remove with special detaching tool
- 1 Alarm
- Extended arm to apply adhesive labels
- 4 available technologies: AM, RF, RFID or Dual RF/AM + RFID
- Available for small (glasses) or big frames (sunglasses)

SUGGESTED APPLICATIONS:

Eyewear
Frames

Very resistant plastic material: safe and long product lasting

Two small rubber inserts inside the fastening ring protect the frame and assure the best adherence

Easy to open and close thanks to special detaching tool
